Current Customer

2. Please give a concise statement of your protest. * (This section must be completed. Attach additional information if necessary.)

This is the third rate increase for TCWS in the last few years. There is no incentive for TCWS to manage their costs if they are able to raise rates every year. Their water charges are already among the highest in the state. They have a poor record of polluting Lake Wylie and substandard water quality. They should have to live within their means, explain their costs, and not permitted to a rate hike until they can earn it with better water quality and service.

3. Do you wish to make an appearance at a hearing in this proceeding , if scheduled, and offer sworn testimony? *

Will not be able to attend.
